

NEMA 4 Wash Down Solutions

From Dart Controls

Dart Controls offers the most comprehensive line of DC and AC drives, drives accessories, sensors and panel instruments – all rated NEMA 4 / 4X (IP65 or better).

Standard controls with NEMA ratings save time and expense, and offer longer expected service in harsh environments.

When you are looking for a wash down control, digital speed pot or speed sensor, Dart Controls has what you are looking for. Go to our website or give us a call – our team is standing by ready to help you select the right solution for your application!
