1 - KIT DESCRIPTION

Kit contents:

| SSW-06 DeviceNet Communication Kit (code: 10935567) | | |
|---|-----------------------------------|----------|
| Quantity | Description | Item |
| 1 | ABS DeviceNet Communication Board | 10413435 |
| 1 | DeviceNet Connection Cable | 10413379 |

| SSW-06 DeviceNet Drive Profile Communication Kit (code: 10935679) | | |
|---|--|----------|
| Quantity | Description | Item |
| 1 | ABS DeviceNet Drive Profile Com. Board | 10413437 |
| 1 | DeviceNet Connection Cable | 10413379 |

Table 1: Kit description

1- DESCRIPCIÓN DEL KIT

Este kit contiene:

| Kit de Comunicación DeviceNet para SSW-06 (código: 10935567) | | |
|--|---------------------------------------|----------|
| Cantidad | Descripción | Item |
| 1 | Tarjeta de Comunicación ABS DeviceNet | 10413435 |
| 1 | Manija de la Conexión | 10413379 |

| Kit de Comunicación DeviceNet Drive Profile para SSW-06 (código: 10935679) | | |
|--|---|----------|
| Cantidad | Descripción | Item |
| 1 | Tarjeta de Com. ABS DeviceNet Drive Profile | 10413437 |
| 1 | Manija de la Conexión | 10413379 |

Tabla 1: Contenido del Kit

1- DESCRIÇÃO DO KIT

Conteúdo do Kit:

| Kit de Comunicação DeviceNet para SSW-06 (Código: 10935567) | | |
|---|-------------------------------------|----------|
| Quantidade | Descrição | Item |
| 1 | Cartão de Comunicação ABS DeviceNet | 10413435 |
| 1 | Cabo de Conexão | 10413379 |

| Kit de Comunicação DeviceNet Drive Profile para SSW-06 (Código: 10935679) | | |
|---|--|----------|
| Quantidade | Descrição | Item |
| 1 | Cartão de Com. ABS DeviceNet Drive Profile | 10413437 |
| 1 | Cabo de Conexão | 10413379 |

2- SAFETY NOTICES

ATTENTION!

Switch off the Soft-Starter SSW-06 before installing the DeviceNet Communication Kit.

The electronic boards have components that are susceptible to electrostatic discharge. Never touch any of the electrical components or connectors without following the proper grounding procedures. If it is necessary to do so, touch the grounded metallic frame or use a suitable grounded wrist strap.

2- INFORMACIONES DE SEGURIDAD

ATENCIÓN!

Desconectar el arrancador suave SSW-06 antes de instalar el kit de comunicación DeviceNet.

Las tarjetas electrónicas utilizan componentes sensibles a descargas electrostáticas. No tocar directamente sobre los componentes o conectores. Caso necesario, tocar antes en la carcasa metálica puesta a tierra o utilice pulsera antiestática adecuada.

2- INFORMAÇÕES DE SEGURANÇA

ATENÇÃO!

Desligar a Soft-Starter SSW-06 antes de instalar o kit de comunicação DeviceNet.

Os cartões eletrônicos possuem componentes sensíveis a descargas eletrostáticas. Não toque diretamente sobre componentes ou conectores. Caso necessário, toque antes na carcaça metálica aterrada ou utilize pulseira de aterramento adequada.

3- PROCEDIMENTO PARA INSTALAÇÃO DO KIT DE COMUNICAÇÃO

1.Required tools
Herramientas necesarias
Ferramentas necessárias

2.Kit DeviceNet
Kit DeviceNet
Kit DeviceNet

3.Opening the Soft-Start
Abriendo el arrancador suave SSW-06
Abrindo a Soft-Start

4.Preparing the connector
Preparando el conector
Preparando o conector

10A - 130A

5. Positioning the connector for installation
Posicionando el conector para instalación
Posicionando o conector para instalação

6. Installing the connector
Instalando el conector
Instalando o conector

7. Removing the bolt for the board installation
Sacando el tornillo para instalación de la tarjeta
Retirando o parafuso para instalação do cartão

8. Positioning the connector of the board
Posicionando el conector de la tarjeta
Posicionando o conector do cartão

10A - 130A

9.Connecting and positioning the board
Conectando y posicionando la tarjeta
Conectando e posicionando o cartão

10.Checking the connector for correct
positioning
Verificando la correcta posición en el
conector
Verificando a correta posição no conector

11.Fixing the board
Fijando la tarjeta DeviceNet
Fixando o cartão

12.Inserting the bolt of the board
Colocando el tornillo de la tarjeta
Colocando o parafuso do cartão

10A - 130A

13. Connecting the connector of the board
Conectando el conector de la tarjeta
Conectando o conector do cartão

14. Internal assembling is finished
Montaje interna completa
Montagem interna completa

15. Connecting the external connector
Conectando el conector
Conectando o conector externo

16. Assembling is ready
Montaje completa
Montagem completa

170A – 1400A

17. Door opened
Puerta abierta
Porta aberta

18. Removing the support of the connector
Sacando el soporte del conector
Retirando o suporte do conector

19. Preparing the connector
Preparando el conector
Preparando o conector

20. Connector mounted on the support
Conector montado en el soporte
Conector montado no suporte

170A – 1400A

21. Installing the support on the Soft- Starter
Colocando el soporte en el arrancador suave
Colocando o suporte na Soft- Starter

22. Removing the bolt for the board installation
Sacando el tornillo para instalación de la tarjeta
Retirando o parafuso para instalação do cartão

23. Connecting the board
Conectando la tarjeta
Conectando o cartão

24. Fixing the board
Fijando la tarjeta
Fixando o cartão

170A – 1400A

25. Inserting the bolt of the board
Poniendo el tornillo de la tarjeta
Colocando o parafuso do cartão

26. Connecting the connector of the board
Conectando el conector de la tarjeta
Conectando o conector do cartão

27. Connecting the external connector
Conectando el conector
Conectando o conector externo

28. Internal assembling is finished
Montaje interna completa
Montagem interna completa

170A – 1400A

- 29. Close the SSW-06
- Cierra la SSW-06
- Feche a SSW-06
