1 - KIT DESCRIPTION

Kit contents:

SSW-06 Profibus DP Communication Kit (code: 10935570)		
Quantity	Description	Item
1	ABS Profibus DP Communication Board	10413436
1	Connection Cable	10050313

SSW-06 Profibus DP V1 Communication Kit (code: 10935654)		
Quantity	Description	Item
1	ABS Profibus DP V1 Communication Board	10413449
1	Connection Cable	10050313

Table 1: Kit description

1- DESCRIPCIÓN DEL KIT

Este kit contiene:

Kit de Comunicación Profibus DP para SSW-06 (código: 10935570)		
Cantidad	Descripción	Item
1	Tarjeta de Comunicación ABS Profibus DP	10413436
1	Manija de la Conexión	10050313

Kit de Comunicación Profibus DP V1 para SSW-06 (código: 10935654)		
Cantidad	Descripción	Item
1	Tarjeta de Comunicación ABS Profibus DP V1	10413449
1	Manija de la Conexión	10050313

Tabla 1: Contenido del Kit

1- DESCRIÇÃO DO KIT

Conteúdo do kit:

Kit de Comunicação Profibus DP para SSW-06 (código: 10935570)		
Quantidade	Descrição	Item
1	Cartão de Comunicação ABS Profibus DP	10413436
1	Cabo de Conexão	10050313

Kit de Comunicação Profibus DP V1 para SSW-06 (código: 10935654)		
Quantidade	Descrição	Item
1	Cartão de Comunicação ABS Profibus DP V1	10413449
1	Cabo de Conexão	10050313

2- SAFETY NOTICES

ATTENTION!

Switch off the Soft-Starter SSW-06 before installing the Profibus DP Communication Kit.

The electronic boards have components that are susceptible to electrostatic discharge. Never touch any of the electrical components or connectors without following the proper grounding procedures. If it is necessary to do so, touch the grounded metallic frame or use a suitable grounded wrist strap.

2- INFORMACIONES DE SEGURIDAD

ATENCIÓN!

Desconectar el arrancador suave SSW-06 antes de instalar el kit de comunicación Profibus DP.

Las tarjetas electrónicas utilizan componentes sensibles a descargas electrostáticas. No tocar directamente sobre los componentes o conectores. Caso necesario, tocar antes en la carcasa metálica puesta a tierra o utilice pulsera antiestática adecuada.

2- INFORMAÇÕES DE SEGURANÇA

ATENÇÃO!

Desligar a Soft-Starter SSW-06 antes de instalar o kit de comunicação Profibus DP.

Os cartões eletrônicos possuem componentes sensíveis a descargas eletrostáticas. Não toque diretamente sobre componentes ou conectores. Caso necessário, toque antes na carcaça metálica aterrada ou utilize pulseira de aterramento adequada.

Kit Profibus-DP

3.Opening the Soft-Starter
Abriendo el arrancador suave
Abrindo a Soft-Starter

4.Preparing the connector
Preparando el conector
Preparando o conector

10A - 130A

5. The connector is prepared for installation
Conector listo para instalación
Conector pronto para instalação

6. Installing the connector
Instalando el conector
Instalando o conector

7. Connector installed (extern view)
Conector instalado (parte externa)
Conector instalado (parte externa)

8. Connector installed (internal view)
Conector instalado (parte interna)
Conector instalado (parte interna)

10A - 130A

9. Removing the bolt for the board installation
Sacando el tornillo para instalación de la tarjeta
Retirando o parafuso para instalação do cartão

10. Positioning the connector of the board
Posicionando el conector de la tarjeta
Posicionando o conector do cartão

11. Connecting and positioning the board
Conectando y posicionando la tarjeta
Conectando e posicionando o cartão

12. Checking for correct connector position
Verificando la correcta posición en el conector
Verificando a correta posição no conector

10A - 130A

13. Fixing the board
Fijando la tarjeta
Fixando o cartão

14. Inserting the bolt of the board
Colocando el tornillo de la tarjeta
Colocando o parafuso do cartão

15. Connecting the board connector
Conectando el conector de la tarjeta
Conectando o conector do cartão

16. Internal assembling is finished
Montaje interna completa
Montagem interna completa

10A - 130A

17. Connecting the extern connector
Conectando el conector
Conectando o conector externo

18. Screw on the extern connector
Atornillando el conector
Parafusando o conector externo

170A – 1400A

19. Door opened
Puerta abierta
Porta aberta

20. Removing the support of the connector
Sacando el soporte para conector
Removendo o suporte para o conector

170A – 1400A

21. Preparing the connector
Preparando el conector
Preparando o conector

22. Connector mounted on the support
Conector montado en el soporte
Conector montado no soporte

23. Inserting the support on the Soft-Starter
Colocando el soporte en el arrancador suave
Colocando o suporte na Soft-Starter

24. Mounted support and connector
Soporte y conector montados
Suporte e conector montados

170A – 1400A

25. Removing the bolt for installing the board
Sacando el tornillo para instalación de la tarjeta
Retirando o parafuso para instalação do cartão

26. Connecting the board
Conectando la tarjeta
Conectando o cartão

27. Fixing the board
Fijando la tarjeta
Fixando o cartão

28. Inserting the bolt in the board
Colocando el tornillo de la tarjeta
Colocando o parafuso do cartão

170A – 1400A

29. Connecting the board connector
Conectando el conector de la tarjeta
Conectando o conector do cartão

30. Internal assembling is finished
Montaje interna completa
Montagem interna completa

31. Screw on the extern connector
Conectando y atornillando el conector
Parafusando o conector externo

32. Assembling is ready
Montaje completa
Montagem completa
